A few of the many reasons why the New York Central System is the first choice of so many thousands.

SAFETY—An outstanding record in safety over a long period of years. Electric automatic signals and automatic train stop.

COMFORT—Air conditioned trains, finely equipped. Heavily rock-ballasted road-bed, smooth riding as a boulevard.

CONVENIENCE—A great fleet of fast trains at convenient hours between the Midwest and the East. Centrally located terminals.

SCENIC INTEREST—The ever beautiful and historic Hudson River and Mohawk Valley. Majestic and inspiring Niagara Falls.

WATER LEVEL ROUTE

The New York Central System Operates 11,000 miles of railroad in eleven states and Canada in the great commercial and industrial area between the Atlantic Seaboard and the Mississippi Valley, providing the highest type of passenger and freight service.
